NEW CLIENT ENROLLMENT

Your account is established for payment due on day of purchase.

Credit Applications are available upon request.
 Credit Limit to be determined after submission.

Thank you for choosing Paragon to be part of your aviation adventure. Please note the following:

- All activities center around the reception desk. First check in with Administration for CFI access, aircraft or questions.
- Clients may be charged from scheduled start until scheduled stop. Expect a minimum of 0.3 hrs ground charge for any CFI activity.
- Schedule aircraft only for the time frame needed, plus reasonable buffer for pre- & postflight. A reservation of a 2 hour block for a 0.7 hr local flight is considered excessive.

- Clients are reminded that there is a charge for cancellations of aircraft or CFIs with less than 12 hours notice. See current Rate Sheet for details.
- Video tapes will only be loaned to clients with established accounts and completed Credit Applications. Any videos leaving the classroom will be charged to account at a flat rate of \$35 per video. This charge will be retracted if video(s) is(are) returned within one (1) week of release date.
- New students - Welcome! Specific procedures regarding flight training at Paragon are detailed in the separate Company Policies and Safety Procedures handout.
